 [@HarboroughEn](https://twitter.com/HarboroughEn)

People invest in a project e.g. Solar Panels on the roof of your building. Investors earn a return on their investment (typically 5-7%) and have a say in how the organisation is run

Harborough Solar 1 -
not for profit
Community Benefit
Society

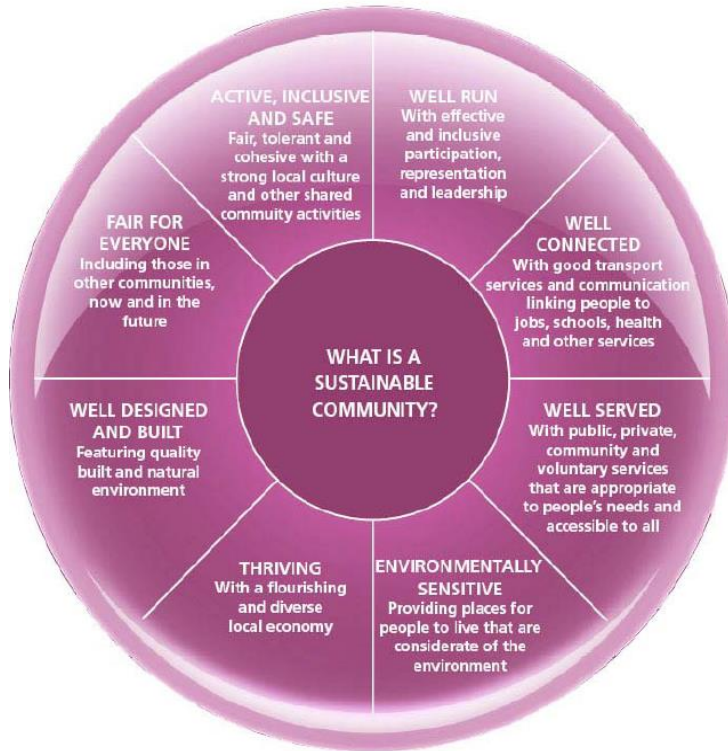

Host Roof—the PV's are hosted on your roof, you get cheaper electricity in return. Harborough Solar 1 installs the PV's and earns income from the Feed-in-Tariff and electricity sales

Surplus funds from Harborough Solar 1 are used by Harborough Energy to develop new projects, and to reduce energy bills for those in fuel poverty locally. NB Harborough Energy is a Cooperative set up to coordinate and develop local community energy projects in and around Market Harborough, Harborough Solar 1 would be a member of Harborough Energy and have a direct say in its activities.
