

RURAL FUNDING DIGEST

December 2024

*A monthly bulletin facilitated by your membership of the **Rural Services Network** highlighting a selection of current funding opportunities*

Royal Countryside Fund

The Royal Countryside Fund are launching a UK-wide Supporting Rural Communities grant programme on 10 January 2025. This new differentiated funding aims to support transformative, community-led initiatives across the UK, unlocking the huge potential for positive change in rural communities. The aim is to support innovative solutions that will “power up, not prop up” communities, inspiring change and encouraging economic vibrancy.

Organisations can apply for grants of up to £25,000 over a period of 24 months to deliver activities along the themes of:

- Keeping young people in the countryside
- Powering up rural communities
- Increasing environmental sustainability
- Building emergency resilience in rural areas.

There will be a two-stage application process. Initially, you will need to send a short video and complete a simple Expression of Interest form. The deadline for expressions of interest is 21 February 2025.

A webinar for prospective applicants is being held on 17 December 2024. You can sign up for the webinar via the website.

Defibrillator funding for community spaces – Department of Health and Social Care

The department is currently running a £1 million match funded Community Automated External Defibrillators Fund, aimed at increasing the number of AEDs in public places where they are most needed and to help save lives.

To be eligible for a funded defibrillator you must:

- Locate the secure defibrillator cabinet on an external wall in an area that is accessible to members of the public 24 hours per day. (The equipment must be installed and registered on The Circuit within 4 weeks).
- Be able to provide an electrical power source to ensure the defibrillator cabinet light and heater operate to keep the device at the right temperature
- Provide match funding for your application (c. £750).

It is expected that the scheme will close to applications soon.

Memorial Grant Scheme – Department for Culture, Media and Sport

The Memorial Grant Scheme gives grants towards VAT on the construction, repair and maintenance of public memorial structures, for work which took place on or after 16 March 2005.

This is a UK-wide grant, available for memorials in any part of the UK (or overseas memorials in some circumstances). The grant scheme is managed by East Midlands Business Ltd on behalf of the Department for Culture, Media and Sport (DCMS).

If you are a registered charity or a faith group 'excepted' from registering as a charity, this grant can help you with the cost of works like repairing and cleaning public memorials or installing a new memorial.

There are conditions on the types of memorial which are eligible, and what the funding can be used for. If your project meets these conditions, you can apply for funding towards the VAT cost of the works. The maximum grant available is the full rate of VAT (20% of project costs).

Funding can only be provided for works that have already taken place. You cannot apply for funding in advance of future works. If the work is ongoing, you can only apply for part-funding for parts of the work which have been completed.

The deadline for applications is 31 December 2024.

Community Radio Fund – Ofcom

The Community Radio Fund is allocated by the Department for Digital, Culture, Media and Sport and managed by Ofcom. The total amount available over the course of 2024-25 is £411,759.2. In Round 1, grants were awarded totalling £205,479, which leaves £206,280.20 available for grant funding in Round 2. In the last round the grants awarded ranged from £4,320 up to £33,854.

Community radio stations serve a range of local communities across the UK. Fuelled by the hard work and enthusiasm of volunteers, they reflect a diverse mix of cultures and interests and provide a rich mix of mostly locally produced content.

The Community Radio Fund supports the core costs of running Ofcom-licensed community radio stations, including:

- Management
- Fundraising to support the station (eg, grants, commercial funding)
- Administration
- Financial management and reporting
- Community outreach
- Volunteer organisation and support

Grants can only be made to Ofcom-licensed community radio stations in the UK, broadcasting on AM, FM, or via a Community Digital Sound Programme licence on a digital radio multiplex.

Applications will close on 8 December 2024.

Community Power – The National Lottery Community Fund

The Fund are looking for 10 to 15 partners to work with them in the development stage of their Community Power fund. By community power, they mean local communities being able to influence and change the places they live. As well as the services they use, and decisions that affect their lives.

The Fund have committed to a £100 million, 10 year Community Power fund and aim to launch the broader programme in 2026.

For this development stage they have up to £1.2 million funding available over one year. This work will shape how the Community Power fund runs in the future.

As a partner you'll deliver activities in and with communities to increase their agency, power and control. This can be new or existing work. You'll also work with the Fund, and the other partners, to understand what works to increase community power. Including what the barriers are. And what support and learning is needed to improve community power activities over the long term.

The deadline for expressions of interest is 8 January 2025.

[Community Power | The National Lottery Community Fund](#)

You Decide – The National Lottery Community Fund

The Fund are looking for up to 5 partners with expertise in involving communities in decisions about grant making. They have £2 million funding for this one year development phase. Partners will support communities to decide how to give out this funding to good causes. And will involve communities in decisions in a way that builds their skills, resources and ability to work together.

As part of the Fund's strategy, they want to listen to communities and engage them in new ways. As a partner you'll test out ways to involve communities in decisions about who and what to fund. By communities they mean people who share an identity, interest or experience. Or people living in the same place.

The Fund will cover your costs for working with them and other partners. Including your involvement in developing these new approaches and in shared learning activities. They expect most partners to use a maximum £80,000 for this.

The deadline for expressions of interest is 8 January 2025.

IT4Good – WCIT Charity

The WCIT Charity is a national charity with a City of London home. Their purpose is to use the power of tech for impact through digital inclusion, education, charitable, and public engagement initiatives across the entire UK.

As an IT charity, all projects they fund must make use of information technology, and must relate to one or more of their priority areas

- Education
- Inclusion
- IT for charities
- Public understanding of IT

Projects need to demonstrate an innovative use of IT, be scalable for wider replication, and be sustainable over time.

Projects funded are usually up to £15,000.

Homeless charities and hospices support – CRASH

CRASH is the construction industry's charity. CRASH assists homelessness charities and hospices with their refurbishment and construction projects, sourcing pro-bono or discounted professional expertise, and construction products, from Corporate Patron companies and supporters within the industry.

They know buildings affect the way we feel and behave – even a small refurbishment project can make a big difference.

They work collaboratively with all of the homelessness and hospice charities they support to deliver assistance in three ways:

- Professional expertise.
- Construction products.
- Grant giving.

There are no application deadlines.

One Stop Community Partnership Programme – Groundwork

Groundwork is working with One Stop Stores Ltd to administer the One Stop Community Partnership programme.

Successful applicants will receive an initial grant of up to £1,000 and begin a partnership with their local One Stop store.

This programme is designed to support community groups or organisations operating within two miles of a One Stop store and which are:

- Tackling food poverty
- Supporting the vulnerable
- Supporting the elderly
- Supporting low-income families
- Running youth sports teams
- Reducing / recycling waste

- Improving the environment

Applications will close on 24 January 2025.

Condition Improvement Fund (CIF) – Department for Education

Eligible academies, sixth-form colleges and voluntary-aided (VA) schools can apply for capital funding from the Condition Improvement Fund (CIF) in an annual bidding round. The priority for the Department for Education (DfE) in administering the fund is to address significant condition needs – that is, keeping education providers' buildings safe and in good working order. This includes funding projects that address health and safety issues, building compliance, and buildings in poor condition.

The fund also supports a small number of expansion projects. These are for academies, sixth-form colleges and VA schools that can demonstrate a need to expand.

Applicants need to register for a CIF portal account by 10 December 2024 and applications must be submitted by 17 December 2024.

Community Tree Planting Grants – International Tree Foundation

The UK Community Tree Planting Programme aims to support community projects that will:

- Create and conserve indigenous trees and woodlands, forests, habitats and associated biodiversity
- Foster community engagement in tree planting to promote reforestation and to increase awareness of the importance of trees and forests to environmental and human well-being
- Encourage social cohesion and inclusion

Your organisation must be community-based and/or have a social benefit e.g. a school, community group, social enterprise, non-governmental organisation, parish council, etc.

There are two streams of funding available:

1. For Community Woodlands / Hedging: Projects range from 100 – 25,000 trees planted per year, with a maximum price equivalent to £1.95/tree. In addition, these projects also receive two maintenance grants, equivalent to £0.10/tree, disbursed in the first and second summers after planting, respectively.
2. Community Orchards: Projects up to 30 trees planted per year.

The deadline for applications is 13 December 2024.

Literacy small grants scheme – JJ Charitable Trust

The Trust seeks to improve the effectiveness of literacy teaching in primary and secondary education for children with learning difficulties, including dyslexia.

Their work has a particular focus on areas of social need and those who are at risk of non-inclusion in society and the world of work.

The Trust's small grants scheme funds charities and community groups that directly help children and young people develop literacy skills, with a focus on supporting those with learning difficulties such as dyslexia.

They are keen to see applications for projects that use volunteers and reading mentors and those that help during transitional points. For example, when students move from primary to secondary school, and when they transition to further education, college, or the workplace. They will consider grants for literacy support at any primary or secondary key stage.

You can apply for grants between £5,000 and £20,000. You can apply for a multi-year grant, over a maximum period of 3 years.

Small Grants – Woodward Charitable Trust

The Woodward Charitable Trust only makes grants for core costs rather than specific projects as they recognise that smaller charities can find these hard to fund. They hope that this will have a more direct impact on the organisations that they choose to fund.

Trustees only fund organisations that support at least one of the following three target groups and particularly look to fund projects that help families and young people and that are aiming to improve the life chances of their beneficiaries.

1. Children and Young People (up to 25 years)
2. Disadvantaged Families
3. Prisoners and Ex-Offenders

Most grants are up to £3000 but usually less than £1000. Applications close on 13 December 2024.

Electricals Recycling Fund – Material Focus

The Electricals Recycling Fund aims to grow existing methods or test new creative and practical ones for recycling small household electricals. If you have a project that would make it easier for the public to repair, reuse or recycle their electricals, you can apply for funding.

They fund two types of projects – those seeking to grow or develop existing household collection services for small household electricals, and those seeking to innovate new collection methods.

- Organisations can apply for up to £100,000 of funding for projects that aim to grow or improve existing household waste and recycling collection services.
- Organisations can apply for up to £50,000 for projects that aim to innovate or test new approaches to collect electricals for reuse and recycling.

They're keen to see applications from registered organisations only – such as local authorities, waste collection authority areas, contractors, non-profits, community sector organisations, producer compliance schemes, and retailers.

Applications are currently open on a rolling basis.

Climate Action Fund: Our Shared Future – The National Lottery Community Fund

The Climate Action Fund is a commitment to help communities tackle climate change. The Fund is supporting communities to be environmentally sustainable.

With Climate Action Fund – Our Shared Future, Lottery want to involve more people in climate action. They we want to inspire bold and exciting change.

They'll fund formal partnership projects that reach more people by either:

- linking climate action to the everyday lives and interests of local communities. And inspiring them to take action.
- influencing communities at a regional or national level. Like linking up groups across locations. Or a campaign that inspires change across one country, or the whole UK.

Formal partnerships can apply, working across sectors and led by community and voluntary organisations or public sector organisations.

The minimum you can ask for is £500,000. They expect to fund most projects for between £1 million and £1.5 million over 3 to 5 years and aim to fund up to 25 projects. You'll be able to apply until Spring 2025. They will announce the final deadline nearer the time.

The UK Fund – The National Lottery Community Fund

The UK Fund is looking to fund organisations that want to do more to help communities come together and help make us a better-connected society.

Your project must either work across the UK, or be able to inform, influence or scale across the UK.

They want to fund projects that:

- strengthen relationships between people whose experiences of life have not been the same. For example, relationships between people of different ethnic backgrounds, generations, occupations or geographies
- create connections between online and offline worlds
- help make sure people from all backgrounds can shape the future of their communities.

£500,000 to £5m is available and they expect most projects to run from 2 to 5 years. They may consider funding for up to 10 years.

Community Energy Fund – Department for Energy Security & net Zero

Community energy projects involve groups of people coming together to purchase, manage, generate, or reduce consumption of energy. This includes (but is not limited to), solar panels, wind farms, hydro power, rural heat networks, electric vehicle charging points, car clubs and fuel poverty alleviation schemes. Programmes are usually not-for-profit, and profits raised from projects are reinvested back into the communities which they power.

The Community Energy Fund is a grant programme for community groups and eligible third sector organisations to develop projects from feasibility to commercialisation. The funding supports eligible community groups to consider options, design schemes and overcome barriers to investment. The programme is being delivered through the government's Local Net Zero Hubs and further information on applying for funding can be found on their individual websites. Further information and links to Hub websites can be found at: [Local net zero: central support for local authorities and communities - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/collections/local-net-zero-central-support-for-local-authorities-and-communities)

Big Energy Saving Loans – Big Issue Invest

Big Issue Invest is offering loan finance between £20,000 to £200,000 to social enterprises and charities in England, for energy efficiency and renewable energy installation.

This lending programme is aimed at enabling social enterprises and charities to access loan funding to help save money on energy during the unprecedented cost of living crisis. Investment can be used for a variety of projects, including:

- Insulation
- Buying and installing renewable energy equipment
- Heat exchangers and heat pumps
- LED light installations
- Replacing old gas fired boiler systems with new efficient ones
- Property improvements, such as extra single glazing on existing windows, double glazing improvements, systematic draught improvements
- Energy efficiency survey and technical assistance costs

The loans can be structured to your individual needs. They can be unsecured which means they will not require you to put any personal guarantees in place, or interfere with other financing arrangements that require security.

Biffa Award – Main Grant Scheme

Biffa Award's Main Grants Scheme is aimed at community and cultural groups and organisations, situated in the vicinity of landfill sites, that are in need of funding to improve the quality of life in their community or to conserve wildlife.

There are four themes - Community Buildings, Recreation, Cultural Facilities and Rebuilding Biodiversity. Under these themes we provide funding to create or improve community amenities. For example, upgrading kitchens, meeting rooms and toilets in village halls and community facilities; creating new playparks; installing new seating, lighting and exhibitions within theatres and museums; or establishing, protecting and enhancing habitats for biodiversity.

Between £10,000 and £75,000 can be awarded to projects that have a total cost of less than £200,000 including VAT.

Project sites must be within 5 miles of a significant Biffa Operation or active Biffa Landfill Site (15 miles for Rebuilding Biodiversity projects) and within 10 miles of any licenced landfill site in England and Northern Ireland.

This is a rolling programme and as such there are no deadlines to submit an Expression of Interest in the Main Grants Scheme.

Listed Places of Worship grant scheme – Department for Culture, Media and Sport

The Listed Places of Worship (LPW) Grant Scheme gives grants that cover the VAT incurred in making repairs to listed buildings in use as places of worship. The scheme covers repairs to the fabric of the building, along with associated professional fees, plus repairs to turret clocks, pews, bells and pipe organs.

The Scheme has been run by DCMS with a focus on preserving heritage in the fabric of UK listed places of worship. Since its establishment in 2001, the Scheme has adapted to changes while continuing to support places of worship by delivering the fairest possible system of making grants and ensuring that all faiths and areas of the UK are equally able to make use of scheme.

The scheme only accepts applications where the minimum value of eligible work carried out on any one claim to the scheme is £1,000 (excluding VAT).

The Government has confirmed funding is available for the Listed Places of Worship Grant Scheme until 31 March 2025.

Forestry England Woodland Partnership

The Forestry England Woodland Partnership offers long-term leases with guaranteed income for public and private landowners to create new woodlands. The partnership

scheme supports government plans for woodland creation, nature recovery and progress towards net zero targets.

Forestry England are looking for sites of at least 50 hectares suitable for woodland creation for leases of between 60 and 120 years, and landowners will receive a guaranteed annual rent throughout the lease period. Forestry England will design, plant and manage every woodland created, ensuring each is resilient to a changing climate, supports wildlife, and provides wider ecosystem services.

All woodlands created through the partnership scheme will be open to the public, providing valuable health and wellbeing opportunities for communities.

Part of the Nature for Climate Fund to support the government's tree planting commitment, the Forestry England Woodland Partnership aims to create at least 2,000 hectares of predominantly broadleaf woodland over the next five years.

Applications are open all year round. Full details and brochures for public and private landowners are available on the Forestry England website.

Small, Medium and Large Grants – National Churches Trust

The National Churches Trust is making changes to its grants programme.

They will continue to offer three types of grant. These will be:

- Small grants - these were formerly called Foundation grants for maintenance. This programme offers grants of between £500 and £5,000 towards urgent maintenance works and small repairs identified as high priority within a recent Quinquennial Inspection or Survey Report. Also, small investigative works and surveys. Project costs should be up to £20,000 incl. VAT and awards will never exceed 50% of the costs. The next deadline for applications is 28 February 2025.
- Medium grants - these were formerly called Gateway grants. This programme offers grants up to £10,000 towards urgent and essential maintenance and repair projects costing between £20,000 and £80,000. Also project development and investigative work up to RIBA planning stage 1, to support churches preparing for a major project, and in developing their project to the point at which they can approach a major grant funder. Grants will never exceed 50% of the net project costs (for this phase). The next deadline for applications is 17 December 2024.
- Large grants – these were formerly called Cornerstone grants. This programme offers grants up to £50,000 towards the cost of major urgent structural repair projects costed at more than £80,000 including VAT. Grants of £40,000 to £50,000 are extremely limited and reserved for cases which demonstrate a very high case for investment. They will also consider projects that introduce

kitchens and accessible toilets to enable increased community use, costing at more than £30,000 including VAT. Grants will never exceed 50% of the project cost. The next deadline for applications is 4 March 2025.

Energy Redress Scheme – Energy Saving Trust

Energy Saving Trust has been appointed by Ofgem to distribute payments from energy companies who may have breached rules. The funds can pay for anything from making a home more energy efficient, to providing advice that helps consumers keep on top of their bills.

Energy Saving Trust has developed an open application process for charities seeking funding from the Energy Redress Scheme. Successful projects will be selected with input from an independent panel of experts and could cover a range of locations across England, Scotland and Wales.

The amount of funding available through the scheme varies throughout the year and will be reviewed on a quarterly basis in October, January, April and July. Eligible charities that have registered interest in the scheme will be notified when funds become available.

The minimum grant that can be requested is £20,000 and the maximum amount is the lesser of £2 million or the total value of the current fund.

The scheme can fund projects lasting up to two years, can fund 100 per cent of the project cost and can cover revenue and capital measures.

Round 13 of the Energy Redress Scheme is expected to open shortly. The previous round included the following elements:

- The Main Fund aimed at projects seeking grants between £50,000 and £2 million that will support households in vulnerable situations.
- The Small Project Fund aimed at projects seeking grants of between £20,000 and £49,999 that will support households in vulnerable situations.
- Innovation Fund aimed at projects that will develop innovative products or services to benefit households. Applicants can apply for grants between £20,000 and £1 million.
- Carbon Emissions Reduction Fund is targeted at projects that will reduce UK carbon emissions and empower households to reduce their carbon footprint. Applicants can apply for grants between £20,000 and £1 million.

- The Just Transition Fund will fund development work for community-led renewable energy projects that also benefit energy consumers in vulnerable situations. Applicants can apply for grants between £20,000 and £250,000.

Garfield Weston Foundation

The Foundation support a wide range of charities that make a positive difference, working in different sectors in the UK. These include welfare, youth, community, environment, education, health, arts, heritage and faith.

They fund small local organisations and large national institutions. Grants range from £1,000 to several million pounds, depending on each charity's size and scope of work.

The grants can be for your organisation's running costs, for a specific activity or for capital projects. The Foundation are flexible and fund what charities need the most.

Normally, capital grants are no more than 10% of a total project cost. However, for local community projects (e.g. village halls, community centres, places of worship, etc.), grants are unlikely to be over £30,000 regardless of the project size. If your organisation wants to apply for £100,000 or over, they expect your annual income or project to be over £1 million.

Gigabit Broadband Voucher Scheme – Department for Digital, Culture, Media & Sport

Project Gigabit is the government's £5 billion programme that targets hard-to-reach areas where it is more difficult and more expensive to build digital infrastructure. The majority of the rollout will come through local and regional contracts, providing subsidies to suppliers to extend their gigabit-capable networks to premises that are unlikely to be reached otherwise.

The Gigabit Broadband Voucher Scheme (GBVS) is part of Project Gigabit, focused on helping specific people and communities upgrade their broadband connection. It mainly operates in areas where there is no existing coverage, planned commercial coverage or through Project Gigabit procurements.

Eligible homes and businesses can apply for up to £4,500 to cover the costs of a gigabit-capable connection.

You can check whether your premises is eligible for a voucher, find a list of registered suppliers, and see those who are active in your area on the website below.

Small Grants Scheme – Foyle Foundation

This Small Grants Scheme is designed to support charities registered and operating in the United Kingdom, especially those working at grass roots and local community level, in any field, across a wide range of activities.

Online applications can be accepted from charities that have an annual turnover of less than £150,000 per annum. Larger or national charities will normally not be considered under this scheme.

The focus will be to make one-year grants only to cover core costs or essential equipment, to enable ongoing service provision, homeworking, or delivery of online digital services to charities that can show financial stability.

The priority will be to support local charities still active in their communities which are currently delivering services to the young, vulnerable, elderly, disadvantaged or the general community either directly or through online support if possible.

Grants are available between £2000 and £10,000.

Please note that the fund will stop accepting new applications to the Small Grants Scheme on 31 January 2025.

They can only consider applications for projects (and funding periods) which will be completed before the end of 2025.
