

# RURAL FUNDING DIGEST

## March 2023

*A monthly bulletin facilitated by your membership of the Rural Services Network highlighting a selection of current funding opportunities*

### **Community Ownership Fund – Department for Levelling Up, Housing & Communities**

The £150 million Community Ownership Fund is for communities across the United Kingdom. It has been set up to help communities take ownership of assets at risk of closure. It will run until 2024/25. Voluntary and community organisations can bid for match funding. Funding may support the purchase and/or renovation costs of community assets.

The Community Ownership Fund launched an updated prospectus on 27 May 2022. Having learned lessons from the review of the first bidding round, for future rounds there have been some changes to the eligibility requirements and application process for the fund. These changes are explained in the updated Community Ownership Fund prospectus.

The third bidding window of Round 2 opened on 15 February 2023 and will close on 14 April 2023. The Department will be inviting all applicants who passed the expression of interest stage, and are therefore eligible to apply in this bidding window, to submit a full application, if the time is right for their project.

### **Cost of living grant programme – UK Youth Fund**

This new fund is a three-year unrestricted grant programme aimed at mitigating the devastating impact the cost of living crisis is having on the youth sector.

The UK Youth Fund in partnership with Pears Foundation will provide targeted funding to youth organisations delivering high quality youth work to ensure doors stay open, bills get paid and youth workers receive the salaries they deserve. This will help to ensure young people continue to be supported at this most difficult of times by the youth organisations and youth workers on whom they've come to depend.

The Fund will stay open whilst funds remain to be distributed.

### **Restoration grants – Association for Industrial Archaeology**

The AIA Restoration Grant scheme offers vital funds to a wide range of industrial heritage restoration projects.

The available Grants pot is divided into two categories:

- Major projects where the maximum grant that can be awarded is £20,000. The grant from the AIA must be a significant part of the total project cost, not just a small contribution to a very large project, so that the AIA grant has real impact. The AIA would not normally fund projects where our grant represents less than 20% of the total project costs;
- Small projects which are allocated at least 20% of the available funds. The grant limit is £7,500, for which the total cost of the project, excluding the value of volunteer labour, must not exceed £10,000.

The closing date for all applications is 31 March in each year.

## **Heat Network Efficiency Scheme – Department for Business, Energy & Industrial Strategy**

The Heat Network Efficiency Scheme (HNES) provides funding to public, private and third sector applicants in England and Wales to support improvements to existing district heating or communal heating projects that are operating sub-optimally and resulting in poor outcomes for customers and operators.

It is a £32 million grant support programme spanning 2023-2024 (Year 1) and 2024-2025 (Year 2).

HNES will provide funding for existing projects through:

- £30m of capital grants to part-fund delivery of network efficiency upgrades.
- £2m of revenue grants to fund heat networks procuring third-party support to identify and assess packages of efficiency improvement measures.

Round 1 applications must be submitted by 31 March 2023.

## **Urban Tree Challenge Fund – Forestry Commission**

The Urban Tree Challenge Fund (UTCF) is open for new applications, there is no application deadline, but it takes three to five months from submitting a valid and complete application to an agreement being offered. Therefore, if you want to plant trees in 2023/24 your application needs to be submitted no later than 30 June 2023.

The fund provides 80% of published standard costs for the planting and establishment of trees in urban and peri-urban areas. In 2023 payments for trial pits have been introduced to check for the presence of services. The remaining costs of planting and establishing trees supported under the UTCF must be met through match funding, either in the form of money or labour. Agreement holders can complete tree planting over two planting seasons: winter 2023/2024 and winter 2024/25. However, applications received before 30 June 2023 must have at least 50% of tree planting scheduled in 2023/24. There is a minimum application value of £10,000.

## **Collections care and conservation grants – Association of Independent Museums (AIM)**

AIM is grateful to the Pilgrim Trust for funding the Audit, Collections Care and Remedial Conservation grant schemes for a further three years.

AIM members with fewer than 50,000 visitors a year are eligible to apply for grants of £1,200 for an audit, and up to £10,00 for a collections care or remedial conservation grant.

AIM members care for a huge and significant range of historic objects and collections. They range from fine art collections to locomotives, textiles to ships, decorative art, and social and industrial history collections.

The grants support small to medium sized museums to care for their collections more effectively and efficiently and to meet the standards required for Accreditation. Larger museums are encouraged to apply for funding to the Pilgrim Trust directly.

They encourage applications from museums to bring in conservation expertise to ensure that collections care and conservation meets professional standards and will have the most impact on the organisation, its collections, and their visitors.

The closing date for applications is 31 March 2023

## **Investing in spaces and places grants – Asda Foundation**

Investing in Spaces and Places is Asda Foundation's higher value grant for local groups aimed at improving spaces in the heart of local communities.

The Foundation know small grass roots organisations play a vital role in their community, making positive change and improving people's lives every day, but the challenge for many is having the appropriate space and place to bring people together to deliver this fantastic work.

Asda Foundation will be investing £500,000+ for this grant in 2023 to support bigger community projects within local communities where local people can be together and thrive.

Grants will be between £10,000 and £25,000 and the application window opened on 6 February and will close on 19 March 2023.

The grant criteria will focus on investing in community spaces and places and projects must fall into at least one of the following categories:

1. Building Repairs
2. Building Development
3. Outdoor Development

### **UK Seafood Fund: Skills and Training Scheme – Department for Environment, Food & Rural Affairs**

There is up to £10 million in funding available through the Skills and Training Scheme. The scheme will fund projects that improve the quality and range of training available for the catching, processing, aquaculture and recreational angling sectors.

The scheme has been split to provide:

- funding for the creation of courses, qualifications and specialist training equipment in round 1
- funding for training facilities in round 2

Applications for round 2 are open until 21 April 2023.

To apply, you must be involved in the catching, processing, aquaculture or recreational angling sector. The following types of organisations can apply for this grant:

- public bodies (including trust ports, local authority ports and public charities)
- private small to medium-sized enterprises (SMEs)
- private non-SMEs
- fishermen's associations
- private trusts, foundations or social enterprises
- trade associations
- officially recognised producer organisations set up by fishery or aquaculture producers
- trust ports

### **Outreach grants – British Ecological Society**

Outreach grants of up to £2000 are available to promote ecological science to a wide audience.

Awards are open to individuals and organisations to organise ecological public engagement events. This includes, but is not limited to, our members, researchers, schools, museums, libraries and community groups.

They support projects that:

- Increase public understanding of, and engagement with, ecology
- Stimulate discussion about ecology and its implications for society
- Inspire and enthuse people of all ages about the science of ecology, especially those not previously interested
- Develop skills in communicating the science of ecology

The deadline for applications is 15 March 2023.

### **Single Homelessness Accommodation Programme (SHAP) – Department for Levelling Up, Housing & Communities**

The objective of SHAP is to increase the supply of high-quality accommodation with accompanying support to address gaps in homelessness pathway provision. SHAP will be targeted at two groups: those with the longest histories of rough sleeping or the most complex needs, to help them recover from rough sleeping and its associated traumas; and vulnerable young people (age 18-25) at risk of or experiencing homelessness or rough sleeping. The focus will be on longer-term accommodation. Given the likely support needs of these target groups, supported housing, Housing First and housing-led schemes will be within scope.

Councils will play a key role in framing the need for SHAP funding at a local strategic level. Councils will be supported through co-production to submit a Strategic Gap Analysis identifying gaps in local housing pathway provision relating to SHAP's target groups. Councils can deliver directly, or work with housing associations, charities and other organisations in the subsequent development of specific Bids.

To receive SHAP capital funding via Homes England the landlord of the homes to be delivered is required by law to be registered with the Regulator of Social Housing as a registered provider (RP). Where organisations wishing to submit a capital Bid are unable to meet this requirement, Bids may in limited circumstances be submitted directly to DLUHC.

Bidding opened in January 2023 and will remain open through a period of continuous market engagement (CME). The CME period will last for up to twelve months, subject to available funds. Applications will be considered on quarterly assessment dates within the CME period (or more regularly as necessary). Dates will be specified once CME begins.

### **Small Grants Programme – Sport England**

The Small Grants Programme seeks to develop opportunities for communities to get more people physically active. New projects from not-for-profit organisations will be supported through providing National Lottery funding of between £300 and £15,000.

They want to support projects that bring communities together and provide sport and physical activities for people who may be less physically active.

They also particularly want to support projects focusing on environmental sustainability.

They believe that communities that work together and share resources provide a stronger and more sustainable impact. Therefore, Sport England want applications from projects that demonstrate how they connect with their communities, make best use of the existing skills and assets in an area, and will provide the biggest possible impact to those who need it most.

The closing date for applications is 30 June 2023.

### **Farming Equipment and Technology Fund – Rural Payments Agency**

This Fund aims to help improve farm productivity, the environment, animal health and welfare, and management of slurry,

There are 2 themes to the grant, each with an online application portal:

- Productivity and Slurry
- Animal Health and Welfare

Under each a list of eligible items has been prepared. Grants between £1,000 and £25,000 are available to put towards the cost of items listed.

You can now apply for grants under the Productivity and Slurry theme. The window to apply will be open until 4 April 2023.

You can apply for a grant if your business is in England and you are a:

- farmer
- horticulturalist
- forestry owner
- contractor carrying out services to any of the above

The application window for the animal health and welfare theme is due to open in March.

### **Bus Services Operators Grant – Department for Transport**

The Bus Service Operators Grant (BSOG) is a discretionary grant paid to eligible community transport operators to help them recover some of their fuel costs. The amount each operator receives is based on the amount of fuel they use running eligible services.

BSOG aims to benefit organisations by:

- Helping to keep running costs down and
- Enabling organisations to run services that might otherwise be unviable and be cancelled

Organisations in receipt of the grant must keep accurate records of the eligible kilometres run and the fuel consumed in running community transport services so as to satisfy officers of the Department for Transport (DfT) that the figures on the claim are correctly stated.

The closing date is 31 March 2024.

### **Big Energy Saving Loans – Big Issue Invest**

Big Issue Invest is offering loan finance between £20,000 to £150,000 to social enterprises and charities in England, for energy efficiency and renewable energy installation.

This lending programme is aimed at enabling social enterprises and charities to access loan funding to help save money on energy during the unprecedented cost of living crisis. Investment can be used for a variety of projects, including:

- Insulation
- Buying and installing renewable energy equipment
- Heat exchangers and heat pumps
- LED light installations
- Replacing old gas fired boiler systems with new efficient ones
- Property improvements, such as extra single glazing on existing windows, double glazing improvements, systematic draught improvements
- Energy efficiency survey and technical assistance costs

The loans can be structured to your individual needs. They can be unsecured which means they will not require you to put any personal guarantees in place, or interfere with other financing arrangements that require security.

### **Small Grant Programme (older people) – Charles Hayward Foundation**

Grants are available up to £7000 for charities with an annual income of less than £350,000.

This programme wishes to fund preventative and early intervention programmes being delivered at the community level which allow older people to stay in their own homes

and remain independent. They are particularly interested in seeking out programmes which show some creativity in improving the quality of life of older people.

- Programmes aiming to alleviate isolation and depression in older people, including informal day care or social, physical and recreational activities.
- Programmes which give practical help, assistance and support for older people living in their own homes.
- Programmes addressing the emotional and practical needs of older carers.
- Programmes designed to meet the specific needs of people with dementia.

Applications will be considered every three months (March, June, September and December).

### **Project Cost and Core Cost grants – BBC Children in Need**

Children in Need often have several funding programmes open at any one time.

These include:

- Project Costs grants – support the aims and delivery of a specific piece of work. This work will usually be time-limited and based on a defined set of activities.
- Core Costs grants – can be spent on an organisation's central running and operational costs.

Charities and not-for-profit organisations can apply for these grants for up to three years. They aim to give quicker decisions for grants of £15,000 or less per year.

There is no application deadline.

### **Defibrillator grants – London Hearts**

Grants are available to fund Public Access Defibrillators in communities all over the country.

London Hearts is a charity aiming to help and support communities with the provision of heart defibrillators and teaching CPR/defibrillator skills. They can provide a grant of £300 towards the cost of a defibrillator and storage as well as a free online training video.

When someone has a cardiac arrest, timely intervention is the key to survival. By making more defibrillators available, and by training more people to use them, the better the chance of survival for a cardiac arrest victim.

### **Climate Action Fund – The National Lottery Community Fund**

This funding aims to help communities across the UK to address climate change. They're looking for projects that focus on the link between nature and climate. They want to fund projects that use nature to encourage more community-led climate action. The Fund expect these projects to bring other important social and economic benefits such as the creation of strong, resilient and healthy communities or the development of 'green' skills and jobs.

They are interested in projects that can do at least one of the following:

- show how creating a deeper connection with nature will lead to changing people's behaviours and greater care for the environment.
- show how by bringing nature back into the places we live and work, we can help communities to reduce or adapt to the impacts of climate change.

They're looking to fund between 12 and 15 projects with up to £1.5 million over 2 to 5 years, with most projects between £300,000 and £500,000. Development grants of £50,000 to £150,000 over 12 to 18 months are also available.

### **Youth Investment Fund**

The Youth Investment Fund (YIF) is made up of £288m capital and up to £80m revenue grants and is funded by the UK Government.

Phase 1 was launched in January by Children in Need on behalf of the UK Government delivering £12 million of funding for small-scale projects and expressions of interest are now invited for phase 2.

The aim is to deliver grants for up to 300 facilities that:

- represent positive value for money,
- are environmentally sustainable,
- and enable positive activities for young people aged 11 to 18 (up to 25 for young people with Special Educational Needs and Disabilities)

in eligible places across England, by 2024/25.

This funding will drive value-for-money facilities that youth organisations can afford to sustain. Using modern methods of construction (MMC) and other innovative construction techniques, as well as supporting redevelopment projects that expand youth service provision, the YIF will achieve savings on facility running costs, so that resources can focus on activities that enrich young people's lives.

This second phase will support projects in selected eligible areas in England to level up youth provision, assessing and distributing grants so that local youth facilities and services can be the best they can be.

It is being delivered by Social Investment Business, in partnership with the National Youth Agency (NYA), Key Fund and Resonance.

Capital and revenue grants will be awarded over the life of the Youth Investment Fund (2022-2025). They expect to hold grant committees through until March 2024.

### **Youth Music Trailblazer Fund – National Foundation for Youth Music**

The Youth Music Trailblazer fund offers grants of £2,000 to £30,000 to organisations in England to run projects for children and young people (25 or under) to make, learn and earn in music. The project should trial work for the first time, test a new way or working, or disrupt the status quo (or all three!).

Your work must meet one of our themes:

- Early years
- Disabled, d/Deaf and neurodivergent young people

- Youth justice system
- Young people facing barriers
- Young adults
- Organisations and the workforce.

The next funding round has a deadline for applications of 23 June 2023 for projects starting between October and December 2023.

### **Biffa Award – Main Grant Scheme**

Biffa Award's Main Grants Scheme is aimed at community and cultural groups and organisations, situated in the vicinity of landfill sites, that are in need of funding to improve the quality of life in their community or to conserve wildlife.

There are four themes - Community Buildings, Recreation, Cultural Facilities and Rebuilding Biodiversity. Under these themes we provide funding to create or improve community amenities. For example, upgrading kitchens, meeting rooms and toilets in village halls and community facilities; creating new playparks; installing new seating, lighting and exhibitions within theatres and museums; or establishing, protecting and enhancing habitats for biodiversity.

Between £10,000 and £75,000 can be awarded to projects that have a total cost of less than £200,000 including VAT.

Project sites must be within 5 miles of a significant Biffa Operation or active Biffa Landfill Site (15 miles for Rebuilding Biodiversity projects) and within 10 miles of any licenced landfill site in England and Northern Ireland.

This is a rolling programme and as such there are no deadlines to submit an Expression of Interest in the Main Grants Scheme.

[Home Page - Biffa Award \(biffa-award.org\)](#)

### **Neighbourhood Planning Grant Funding – Locality**

The programme offers grants and Technical Support packages. If you're working on a neighbourhood plan or neighbourhood development order, you can apply for grant funding of up to £10,000. Further grant funding up to an additional £8000 is available to groups meeting certain criteria.

The Neighbourhood Planning Support Programme run by Locality on behalf of DLUHC commenced in April 2018, and is currently funded until the end of March 2023. Applications closed at the end of January 2023.

DLUHC are actively exploring the allocation of funds for a further year, until March 2024. As soon as there is confirmation of a further year's funding, this will be notified on the following website:.

[Home - Locality Neighbourhood Planning](#)

### **Community Transport Grants – Motability**

Through this new grant programme Motability aim to help charities and organisations to make an immediate impact for disabled people, by awarding funding to develop, expand and improve community transport options. The programme is focussed on:

- Funding support for staff or volunteer training and costs.
- Funding to increase the number of vehicles available in the community to help organisations support disabled people.
- Funding local, regional, or national initiatives to increase awareness of community transport and influence its inclusion in transport strategy and policy.
- Funding to schemes, programmes and initiatives that already exist, and who provide best practice solutions, but need further support to remain operational or scale up the service they can provide to help more disabled people.

Charities and organisations working in the community transport sector can apply for grants from £100,000 to £4 million at any point over the next three years until March 2025.

[Charitable Grants | Community Transport Grant | Motability](#)

### **Sustainable Farming Incentive – Department for Environment, Food & Rural Affairs**

The Sustainable Farming Incentive (SFI) is the first of 3 new environmental schemes being introduced under the Agricultural Transition Plan. The other 2 schemes are Local Nature Recovery and Landscape Recovery.

SFI aims to help farmers manage land in a way that improves food production and is more environmentally sustainable.

Farmers will be paid to provide public goods, such as:

- improved water quality
- biodiversity
- climate change mitigation
- animal health and welfare

In 2022, SFI aims to:

- encourage actions that improve soil health
- recognise how moorland provides benefits to the public (public goods)
- improve animal health and welfare by helping farmers with the costs of veterinary advice for livestock

You'll be eligible to apply for an SFI standards agreement if you're a farmer who is eligible for the Basic Payment Scheme (BPS), with land in England. The scheme opened to applications to all BPS eligible farmers on 30 June 2022.

### **NFU Mutual Charitable Trust grants**

The Trust focuses on providing funding to larger initiatives, which would have a significant impact on the rural community. The Trustees are particularly interested in initiatives in the areas of education of young people in rural areas and relief of poverty within rural areas.

The Trustees meet twice a year to consider applications received. These meetings are currently held in June and November.

The deadline for applications for the June 2023 meeting is 26 May 2023.

### **Grant schemes for electric vehicle charging infrastructure – Office for Low Emission Vehicles**

The government offers grants to support the wider use of electric and hybrid vehicles via the Office of Low Emission Vehicles (OLEV). This includes:

- The EV chargepoint grant provides funding of up to 75% towards the cost of installing electric vehicle smart chargepoints at domestic properties across the UK. It replaced the Electric Vehicle Homecharge Scheme (EVHS) from 1 April 2022. The grant is open to flat owner-occupiers and people living in rented properties. Private landlords and social housing providers can also apply. The grant is not open to homeowners (including people with mortgages) who live in single-unit properties such as bungalows and detached, semi-detached or terraced housing.
- The Workplace Charging Scheme (WCS) is a voucher-based scheme that provides support towards the up-front costs of the purchase and installation of electric vehicle charge-points, for eligible businesses, charities and public sector organisations.

- The On-street Residential Chargepoint Scheme (ORCS) provides grant funding for local authorities towards the cost of installing on-street residential chargepoints for plug-in electric vehicles.

For more information visit the website below.

### **Listed Places of Worship grant scheme – Department for Digital, Culture, Media and Sport**

The Listed Places of Worship (LPW) Grant Scheme gives grants that cover the VAT incurred in making repairs to listed buildings in use as places of worship. The scheme covers repairs to the fabric of the building, along with associated professional fees, plus repairs to turret clocks, pews, bells and pipe organs.

The Scheme has been run by DCMS with a focus on preserving heritage in the fabric of UK listed places of worship. Since its establishment in 2001, the Scheme has adapted to changes while continuing to support places of worship by delivering the fairest possible system of making grants and ensuring that all faiths and areas of the UK are equally able to make use of scheme.

The scheme only accepts applications where the minimum value of eligible work carried out on any one claim to the scheme is £1,000 (excluding VAT).

The Government has confirmed funding is available for the Listed Places of Worship Grant Scheme until 31 March 2025.

### **Dynamic Collections – National Lottery Heritage Fund**

This campaign supports collecting organisations across the UK to become more inclusive and resilient, with a focus on engagement, re-interpretation and collections management.

The Heritage Fund want to support museums, libraries, archives and other organisations to make the most of their collections. The Dynamic Collections campaign will support collecting organisations by bringing together project funding through the Fund's open programmes, digital resources and knowledge sharing.

It is designed to address long-term challenges in the sector, many of which have been made worse by the coronavirus (COVID-19) pandemic. It will also help organisations build on innovative ideas and trends developed over the past few years, particularly in digital engagement.

The campaign also acts on the demand for collections to evolve to meet the changing needs of the communities around them, and to reflect more people's history and experiences.

Dynamic Collections is primarily aimed at collecting organisations, including:

- museums (accredited and non-accredited)
- archives
- historic libraries
- community and other organisations that hold collections, or are working in partnership to develop a collection-based project

Grants are expected to be below £250,000. There are no specific deadlines – you can apply as part of the campaign until 31 March 2023.

### **Masonic Charitable Foundation**

The Foundation now has rolling grant programmes with no deadlines as follows:

- Children and young people: This programme is open to national and local charities helping disadvantaged children and young people to overcome the challenges they face. Small grants are for charities whose annual income does

not exceed £500,000. These grants are unrestricted. Small grants range from £1,000-£5,000 per year, for up to three years.

Large grants are for larger charities whose annual income exceeds £500,000. They must be restricted to a project. Large grants usually range from £10,000 to £60,000. They can be awarded over one to three years.

- Later life: This programme is open to local and national charities that are working to reduce loneliness and isolation in later life. Small grants are for smaller charities whose annual income does not exceed £500,000. They are to fund overhead costs. Small grants range from £1,000-£5,000 per year, for up to three years.

Large grants are for larger charities whose annual income exceeds £500,000. They must be restricted to a project. Large grants usually range from £10,000 to £60,000. They can be awarded over one to three years.

### **Community Shares Booster – Power to Change**

Delivered by the Community Shares Unit and funded by Power to Change, Community Shares Booster supports community businesses in the process of setting up and launching a community share offer that can demonstrate high levels of community impact, innovation and engagement. The programme provides:

- Development grants averaging £5,000 to prepare a community share offer; financial planning, governance support, marketing costs and being awarded the Community Shares Standard Mark
- Match equity investment – typically matching pound for pound up to £25,000 providing that the minimum share offer target is achieved
- Ongoing support and advice as an active investor in community businesses

[Community Shares Booster - Power to Change](https://www.power-to-change.org.uk)

### **Forestry England Woodland Partnership**

The Forestry England Woodland Partnership offers long-term leases with guaranteed income for public and private landowners to create new woodlands. The partnership scheme supports government plans for woodland creation, nature recovery and progress towards net zero targets.

Forestry England are looking for sites of at least 50 hectares suitable for woodland creation for leases of between 60 and 120 years, and landowners will receive a guaranteed annual rent throughout the lease period. Forestry England will design, plant and manage every woodland created, ensuring each is resilient to a changing climate, supports wildlife, and provides wider ecosystem services.

All woodlands created through the partnership scheme will be open to the public, providing valuable health and wellbeing opportunities for communities.

Part of the Nature for Climate Fund to support the government's tree planting commitment, the Forestry England Woodland Partnership aims to create at least 2,000 hectares of predominantly broadleaf woodland over the next five years.

Applications are open all year round. Full details and brochures for public and private landowners are available on the Forestry England website.

<https://www.forestryengland.uk/woodland-creation>

### **Grants for Heritage – National Lottery Heritage Fund**

The National Lottery Heritage Fund provide different levels of funding to heritage of all shapes and sizes. Their grants range from £3,000 up to millions of pounds.

Current programmes include:

- National Lottery Grants for Heritage - £3,000 to £10,000; £10,000 to £250,000; £250,000 to £5 million. The impact of the coronavirus (COVID-19) pandemic means the Fund will prioritise heritage projects that:

- promote inclusion and involve a wider range of people (a mandatory outcome)
- boost the local economy
- encourage skills development and job creation
- support wellbeing
- create better places to live, work and visit
- improve the resilience of organisations working in heritage

Full information on all National Lottery Heritage Fund programmes is available on their website.

### **Small, Medium and Large Grants – National Churches Trust**

The National Churches Trust is making changes to its grants programme.

They will continue to offer three types of grant. These will be:

- Small grants - these were formerly called Foundation grants for maintenance. This programme offers grants of between £500 and £5,000 towards urgent maintenance works and small repairs identified as high priority within a recent Quinquennial Inspection or Survey Report. Also, small investigative works and surveys. Project costs should be up to £20,000 incl. VAT and awards will never exceed 50% of the costs. Dates for the next round of applications are to be confirmed.
- Medium grants - these were formerly called Gateway grants. This programme offers grants of between £3,000 and £10,000 towards urgent and essential maintenance and repair projects costing between £20,000 and £80,000. Also project development and investigative work up to RIBA planning stage 1, to support churches preparing for a major project, and in developing their project to the point at which they can approach a major grant funder. Grants will never exceed 50% of the net project costs (for this phase). Dates for the next round of applications are to be confirmed.
- Large grants – these were formerly called Cornerstone grants. This programme offers grants of between £10,000 and £50,000 towards the cost of major urgent structural repair projects costed at more than £80,000 including VAT. Grants of £40,000 to £50,000 are extremely limited and reserved for cases which demonstrate a very high case for investment. They will also consider projects that introduce kitchens and accessible toilets to enable increased community use, costed at more than £30,000 including VAT. Grants will never exceed 50% of the project cost. This programme is due to re-open in early March.

### **Farming in Protected Landscapes Programme – Department for Environment, Food & Rural Affairs**

The Farming in Protected Landscapes programme is a part of Defra's Agricultural Transition Plan.

It will offer funding to farmers and land managers in Areas of Outstanding Natural Beauty (AONB), National Parks and the Broads. It is not an agri-environment scheme.

The programme will fund projects that:

- support nature recovery
- mitigate the impacts of climate change
- provide opportunities for people to discover, enjoy and understand the landscape and its cultural heritage
- support nature-friendly, sustainable farm businesses

The Farming in Protected Landscapes programme has been developed by Defra with the support of Area of Outstanding Natural Beauty (AONB) and National Park staff from across England.

The programme runs until March 2024.

### **England Woodland Creation Offer – Forestry Commission**

Landowners, land managers and public bodies can apply to the England Woodland Creation Offer (EWCO) for support to create new woodland, including through natural colonisation, on areas as small as 1 hectare. EWCO opened for applications on 9 June 2021 and replaces the Woodland Carbon Fund, which closed for applications in March 2021.

The grant is administered by the Forestry Commission and is funded through the Nature for Climate Fund. EWCO is one of a suite of Forestry Commission initiatives to support woodland creation and tree planting across England.

EWCO is open to owner occupiers, tenants, landlords and licensors who have full management control of the land in the application (if you don't have full management control you will need consent from those who do). Joint applications, multiple land managers and applications on common land and areas of shared grazing are eligible.

### **Energy Redress Scheme – Energy Saving Trust**

Energy Saving Trust has been appointed by Ofgem to distribute payments from energy companies who may have breached rules. The funds can pay for anything from making a home more energy efficient, to providing advice that helps consumers keep on top of their bills.

Energy Saving Trust has developed an open application process for charities seeking funding from the Energy Redress Scheme. Successful projects will be selected with input from an independent panel of experts and could cover a range of locations across England, Scotland and Wales.

The amount of funding available through the scheme varies throughout the year and will be reviewed on a quarterly basis in October, January, April and July. Eligible charities that have registered interest in the scheme will be notified when funds become available.

The minimum grant that can be requested is £20,000 and the maximum amount is the lesser of £2 million or the total value of the current fund.

The scheme can fund projects lasting up to two years, can fund 100 per cent of the project cost and can cover revenue and capital measures.

Round 13 of the Energy Redress Scheme is expected to open shortly. The previous round included the following elements:

- The Main Fund aimed at projects seeking grants between £50,000 and £750,000 that will support energy consumers in vulnerable situations.
- The Small Project Fund aimed at projects seeking grants of between £20,000 and £49,999 that will support energy consumers in vulnerable situations.
- Innovation Fund aimed at projects that will develop innovative products or services to benefit energy consumers. Applicants can apply for grants between £50,000 and £500,000.
- Carbon Emissions Reduction Fund is targeted at projects that can help domestic energy consumers participate in the just transition to Net Zero CO2 emissions. The fund awards grants between £50,000 and £500,000.

### **Garfield Weston Foundation**

The Foundation support a wide range of charities that make a positive difference, working in different sectors in the UK. These include welfare, youth, community, environment, education, health, arts, heritage and faith.

They fund small local organisations and large national institutions. Grants range from £1,000 to several million pounds, depending on each charity's size and scope of work. The grants can be for your organisation's running costs, for a specific activity or for capital projects. The Foundation are flexible and fund what charities need the most. Normally, capital grants are no more than 10% of a total project cost. However, for local community projects (e.g. village halls, community centres, places of worship, etc.), grants are unlikely to be over £30,000 regardless of the project size. If your organisation wants to apply for £100,000 or over, they expect your annual income or project to be over £1 million.

### **Small Grants Scheme – Foyle Foundation**

This Small Grants Scheme is designed to support charities registered and operating in the United Kingdom, especially those working at grass roots and local community level, in any field, across a wide range of activities.

Online applications can be accepted from charities that have an annual turnover of less than £150,000 per annum. Larger or national charities will normally not be considered under this scheme.

The focus will be to make one-year grants only to cover core costs or essential equipment, to enable ongoing service provision, homeworking, or delivery of online digital services to charities that can show financial stability.

The priority will be to support local charities still active in their communities which are currently delivering services to the young, vulnerable, elderly, disadvantaged or the general community either directly or through online support if possible.

Grants are available between £2000 and £10,000.

### **HS2 Community and Business Funds – Groundwork UK**

Groundwork is working with High Speed Two (HS2) to deliver HS2 Community and Business Funds to help with the disruption that will be caused by the construction

In October 2014 the government announced two funding programmes to help offset the disruption of Phase One on local communities and businesses – the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

In January 2018, the then HS2 Minister announced an additional £5 million is to be added to the CEF and BLEF funding pot for those disrupted during construction of the Phase 2a scheme from Birmingham to Crewe. This brings the overall total of CEF and BLEF combined for Phase One and Phase 2a to £45m.

£40 million is for communities experiencing disruption from the construction of Phase One and £5 million is for communities experiencing disruption from the construction of Phase 2a. The Funds will be available during the construction period and for the first year of operational HS2 services. The Funds will support good quality bids that meet CEF and BLEF criteria, and funding will be available throughout this time period.

Both funds (CEF and BLEF) will award money from the same funding pot and so the amounts allocated for each Fund will depend on the number and quality of applications.
