The Fund is offering grants of up to £10,000 to support early-stage feasibility work on historic building projects.

You have identified a building - either already in your ownership or one you have a reasonable prospect of acquiring. You may have some ideas about how the building could be restored and used but want to explore the options and test whether these will work.

In 2023/24, we will prioritise projects that meet the following criteria:

- Involve new use of a vacant historic building.

- Help revive high streets.
- Are in the top 30% most deprived areas (according to the Index of Multiple Deprivation).
- Involve and support diverse communities.
- Have a strong focus on environmental sustainability and energy efficiency.
- Contribute to local regeneration schemes.

These grants should help you to establish whether a project is feasible. Work will probably focus on understanding the condition of the building, how it might be used, and whether that intended use is appropriate for the building and likely to be sustainable.

This grant programme is supported by funding from Historic England.

HS2 Community and Business Funds – Groundwork UK

Groundwork is working with High Speed Two (HS2) to deliver HS2 Community and Business Funds to help with the disruption that will be caused by the construction

In October 2014 the government announced two funding programmes to help offset the disruption of Phase One on local communities and businesses – the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

In January 2018, the then HS2 Minister announced an additional £5 million is to be added to the CEF and BLEF funding pot for those disrupted during construction of the Phase 2a scheme from Birmingham to Crewe. This brings the overall total of CEF and BLEF combined for Phase One and Phase 2a to £45m.

£40 million is for communities experiencing disruption from the construction of Phase One and £5 million is for communities experiencing disruption from the construction of Phase 2a. The Funds will be available during the construction period and for the first year of operational HS2 services. The Funds will support good quality bids that meet CEF and BLEF criteria, and funding will be available throughout this time period.

Both funds (CEF and BLEF) will award money from the same funding pot and so the amounts allocated for each Fund will depend on the number and quality of applications.
