

RURAL FUNDING DIGEST

May 2023

*A monthly bulletin facilitated by your membership of the **Rural Services Network** highlighting a selection of current funding opportunities*

Project Viability Grants – the Architectural Heritage Fund

The Fund is offering grants of up to £10,000 to support early-stage feasibility work on historic building projects.

You may be thinking about forming an organisation, have been recently constituted, or be a longstanding organisation tackling a new project. You have identified a building - either already in your ownership or one you have a reasonable prospect of acquiring. You may have some ideas about how the building could be restored and used but want to explore the options and test whether these will work.

In 2023/24, we will prioritise projects that meet the following criteria:

- Involve new use of a vacant historic building.
- Help revive high streets.
- Are in the top 30% most deprived areas (according to the Index of Multiple Deprivation).
- Involve and support diverse communities.
- Have a strong focus on environmental sustainability and energy efficiency.
- Contribute to local regeneration schemes.

These grants should help you to establish whether a project is feasible. Work will probably focus on understanding the condition of the building, how it might be used, and whether that intended use is appropriate for the building and likely to be sustainable.

This grant programme is supported by funding from Historic England.

Reimagine Fund – Arts Council England

The Reimagine programme is designed to inspire creativity and increase stability in the sector. In 2023, there is one key aim for the Reimagine programme. They want to fund projects that will:

- help organisations reimagine their support for the workforce.

The term 'workforce' could include your colleagues, volunteers and/or your professional networks. They can support a range of activities that enable you to develop, diversify and/or sustain the sector in the face of the most pressing challenges. They want to support your colleagues, volunteers and/or partners working in these priority areas:

- Collections
- Exhibitions
- Learning

The priority outcomes are:

- Strengthening Equity, Diversity and Inclusion within the sector
- Creating and improving opportunities for people to work in the sector
- Increasing and enhancing partnerships

Grants between £10,000 and £50,000 are available. The closing date for applications is 26 May 2023.

Trust Capacity Fund – Department for Education

The Trust Capacity Fund (TCaF) aims to help trusts develop their capacity and take on underperforming schools, particularly in education investment areas (EIAs).

The Fund is open to academy trusts and local authority-maintained schools forming a multi-academy trust (MAT).

From 3 April 2023 the department will accept applications for a new TCaF for 2023 to 2025. This fund will be for growth projects approved by a regional director from 1 January 2023.

Funding will be available over 2 financial years, where appropriate. Larger tariffs will be available for trust growth projects which involve underperforming schools in EIAs. They will also welcome applications for projects which involve groups of schools.

Grants will range from £50,000 to £750,000. There are five windows for applications through until 30 September 2024. The first application window closes on 1 June 2023.

Community Fridge grants – Hubbub

Community Fridges bring people together around good food. Across the UK they are reducing social isolation, increasing access to skills, sharing knowledge and repurposing fresh (surplus) food.

The funder knows that many groups want to do more, and so in partnership with Starbucks they're offering £7,000 (per group) in funding for up to 50 Community Fridges to develop additional food initiatives.

These additional activities could be skills workshops, growing initiatives, gardening schemes or cooking (to name a few)! So, if you're already running an open Community Fridge feel free to apply.

The closing date for applications is 31 May 2023.

Rewilding Innovation Fund – Rewilding Britain

The idea behind the Rewilding Innovation Fund is to help remove barriers to rewilding projects within Britain, whether they're at the early planning stages or want to move a project one step wilder.

They're particularly keen to encourage those who are taking an innovative approach to land and marine rewilding, which will help develop learning and evidence for others within the Rewilding Network.

Funds are awarded to projects with potential for the highest impact for people and nature.

The next round of the Rewilding Innovation Fund is now open and will close on 31 May 2023. To apply for funding – of up to £15,000 – projects have to be:

- based in Britain (England, Wales and Scotland)
- part of the Rewilding Network
- rewilding (or about to) at scale – potentially as a group of landowners – and to our rewilding principles

Libraries Improvement Fund – Arts Council England

This fund will enable library services across England to invest in a range of projects to upgrade buildings and technology so they are better placed to respond to the changing ways people are using them.

The grant range is between £50,000 and £499,999. The fund is currently open for expressions of interest and will close on 19 June 2023.

Community Grants – Nationwide Building Society

These grants aim to find local solutions to the housing crisis and help the most vulnerable people and communities across the UK.

This year the grant limit has been raised to £60,000.

If you're a local organisation with a great housing solution, you can apply for a Community Grant of up to £60,000. Your project will need to support one of three aims:

- helping people into a home
- preventing them from losing their home, or
- supporting them to thrive at home

They'll look at all applications and give a shortlist to regional Community Board members, who'll discuss and decide which projects will receive grants in their local area.

You can check to see if your region has reached capacity by taking an eligibility quiz.

Building Improvement Grants – Benefact Trust

Benefact Trust's Building Improvement Grants programme provides essential support to protect and enhance churches and Christian charity buildings, ensuring their continued use, viability, and the safeguarding of their heritage.

The programme is open to applications from churches, cathedrals, denominational bodies and Christian charities.

Under Building Improvement Grants, they are able to support direct capital costs relating to the following types of work:

- Essential, one-off repairs or other capital works to ensure the continued use or viability of a building (capital work must be considered urgent or necessary within 12 months)
- Minor capital works or equipment purchases to meet operational or accessibility requirements (e.g. essential operational equipment, AV equipment, hearing loops, ramps, etc)
- Conservation or restoration of historic features (e.g. stained glass, carvings, interior furnishings, clocks, tower bells, organs etc) which contribute to preservation and appreciation of a building's heritage
- Other aesthetic enhancements (e.g. interior decoration, furnishings or public realm improvements) to improve indoor or outdoor spaces for users
- Energy efficiency/renewable energy measures (e.g. heating/lighting upgrades, solar panels, etc) which improve the sustainability of church buildings/facilities and enable their continued use

All applicants will be expected to have secured funding for at least 30% of their total project costs before making an application.

Agency collaboration fund: a supportive home – Youth Endowment Fund

The Fund state: "We know that many children and young people at risk of becoming involved in violence are known to local agencies. Yet this knowledge is often fragmented across multiple organisations, with different people holding different pieces of the puzzle. Opportunities where agencies could and should work together are missed.

"To help understand where those opportunities are, we're investing in our Agency Collaboration Fund. We want to find out how agencies can better share data, power and information to prevent children from becoming involved in violence."

They will fund and evaluate up to five local authority area partnerships in England and/or Wales.

Each successful partnership application will test a multi-agency team approach in two different neighbourhoods/localities within one local authority area.

Projects will be initially funded for 18 months. This includes up to six months preparation, including recruitment, and a 12-month implementation phase. Implementation will be evaluated through a feasibility study.

For the feasibility phase, the YEF in partnership with BBC Children in Need and The Hunter Foundation, will invest up to £500,000 per partnership for delivery costs and between £85,000 and £110,000 per partnership for evaluation.

The deadline for applications is 16 May 2023.

Magic Little Grants – localgiving & People’s Postcode Lottery

After successfully distributing £500 grants to 2,650 charitable organisations in 2022, applications are now open for 2023. The deadline for applications is 31st October 2023.

With a simple 20-minute application process for a £500 grant and an outcome within six weeks, the Magic Little Grants fund reduces the work required for grass-roots organisations to access the funding they need to launch or strengthen their services.

The following criteria apply:

- Organisations must either be in their first year of operation or have an annual income under £250,000.
- Funding can be used to launch new projects, support existing ones, or cover core costs associated with ongoing work.
- Organisations and the projects for which they apply must be located within England, Scotland, or Wales,

Please note that schools are eligible to apply if they are a registered charity. Groups may only apply once in 2023 for a grant.

Nature for Climate Peatland Grant Scheme – Natural England and DEFRA

The Nature for Climate Peatland Grant Scheme (NCPGS) provides funding to restore peatlands in the uplands and lowlands of England. It is a competitive grant scheme that will run until 2025.

The scheme is open to:

- environmental groups
- local authorities
- charities
- public bodies
- individual landowners
- organisations

Natural England is looking for landscape scale applications that work to restore the whole hydrological unit of a peatland. This is likely to involve several sites and landowners, so applications from partnerships or substantial land holdings are encouraged.

Applicants must have the authority to carry out the activities in their proposal. For example, if you do not own the land, you need permission from the landowner as part of your application.

You can normally apply for up to 75% of the total project costs. The next deadline for applications is 26 May 2023.

Small grants programme – Theatres Trust

Theatres Trust's Small Grants Programme, supported by The Linbury Trust, funds small projects that make a big impact to a theatre's resilience, sustainability, accessibility or improving the diversity of audiences.

This scheme provides grants of up to £5,000 for essential works to enable not-for-profit theatres across the UK to be viable and thrive in the future.

Eligible projects include small capital works, the installation of key plant and machinery and works which make theatre buildings digital-ready.

This scheme will prioritise improvements to buildings that protect theatre use and remove barriers to participation and attendance.

The deadline for applications is 12 January 2024.

[Small Grants Programme supported by The Linbury Trust \(theatretrust.org.uk\)](https://theatretrust.org.uk)

Urban Tree Challenge Fund – Forestry Commission

The Urban Tree Challenge Fund (UTCf) is open for new applications, there is no application deadline, but it takes three to five months from submitting a valid and complete application to an agreement being offered. Therefore, if you want to plant trees in 2023/24 your application needs to be submitted no later than 30 June 2023.

The fund provides 80% of published standard costs for the planting and establishment of trees in urban and peri-urban areas. In 2023 payments for trial pits have been introduced to check for the presence of services. The remaining costs of planting and establishing trees supported under the UTCf must be met through match funding, either in the form of money or labour. Agreement holders can complete tree planting over two planting seasons: winter 2023/2024 and winter 2024/25. However, applications received before 30 June 2023 must have at least 50% of tree planting scheduled in 2023/24. There is a minimum application value of £10,000.

[Urban Tree Challenge Fund - GOV.UK \(www.gov.uk\)](https://www.gov.uk)

UK Seafood Fund: Skills and Training Scheme – Department for Environment, Food & Rural Affairs

There is up to £10 million in funding available through the Skills and Training Scheme. The scheme will fund projects that improve the quality and range of training available for the catching, processing, aquaculture and recreational angling sectors.

The scheme has been split to provide:

- funding for the creation of courses, qualifications and specialist training equipment in round 1
- funding for training facilities in round 2

Applications for round 2 are open until 19 May 2023.

To apply, you must be involved in the catching, processing, aquaculture or recreational angling sector. The following types of organisations can apply for this grant:

- public bodies (including trust ports, local authority ports and public charities)
- private small to medium-sized enterprises (SMEs)
- private non-SMEs
- fishermen's associations
- private trusts, foundations or social enterprises
- trade associations
- officially recognised producer organisations set up by fishery or aquaculture producers
- trust ports

Single Homelessness Accommodation Programme (SHAP) – Department for Levelling Up, Housing & Communities

The objective of SHAP is to increase the supply of high-quality accommodation with accompanying support to address gaps in homelessness pathway provision. SHAP will be targeted at two groups: those with the longest histories of rough sleeping or the most complex needs, to help them recover from rough sleeping and its associated traumas; and vulnerable young people (age 18-25) at risk of or experiencing

homelessness or rough sleeping. The focus will be on longer-term accommodation. Given the likely support needs of these target groups, supported housing, Housing First and housing-led schemes will be within scope.

Councils will play a key role in framing the need for SHAP funding at a local strategic level. Councils will be supported through co-production to submit a Strategic Gap Analysis identifying gaps in local housing pathway provision relating to SHAP's target groups. Councils can deliver directly, or work with housing associations, charities and other organisations in the subsequent development of specific Bids.

To receive SHAP capital funding via Homes England the landlord of the homes to be delivered is required by law to be registered with the Regulator of Social Housing as a registered provider (RP). Where organisations wishing to submit a capital Bid are unable to meet this requirement, Bids may in limited circumstances be submitted directly to DLUHC.

Bidding opened in January 2023 and will remain open through a period of continuous market engagement (CME). The CME period will last for up to twelve months, subject to available funds. Applications will be considered on quarterly assessment dates within the CME period (or more regularly as necessary). Dates will be specified once CME begins.

Small Grants Programme – Sport England

The Small Grants Programme seeks to develop opportunities for communities to get more people physically active. New projects from not-for-profit organisations will be supported through providing National Lottery funding of between £300 and £15,000.

They want to support projects that bring communities together and provide sport and physical activities for people who may be less physically active.

They also particularly want to support projects focusing on environmental sustainability.

They believe that communities that work together and share resources provide a stronger and more sustainable impact. Therefore, Sport England want applications from projects that demonstrate how they connect with their communities, make best use of the existing skills and assets in an area, and will provide the biggest possible impact to those who need it most.

The closing date for applications is 30 June 2023.

Big Energy Saving Loans – Big Issue Invest

Big Issue Invest is offering loan finance between £20,000 to £150,000 to social enterprises and charities in England, for energy efficiency and renewable energy installation.

This lending programme is aimed at enabling social enterprises and charities to access loan funding to help save money on energy during the unprecedented cost of living crisis. Investment can be used for a variety of projects, including:

- Insulation
- Buying and installing renewable energy equipment
- Heat exchangers and heat pumps
- LED light installations
- Replacing old gas fired boiler systems with new efficient ones
- Property improvements, such as extra single glazing on existing windows, double glazing improvements, systematic draught improvements
- Energy efficiency survey and technical assistance costs

The loans can be structured to your individual needs. They can be unsecured which means they will not require you to put any personal guarantees in place, or interfere with other financing arrangements that require security.

Small Grant Programme (older people) – Charles Hayward Foundation

Grants are available up to £7000 for charities with an annual income of less than £350,000.

This programme wishes to fund preventative and early intervention programmes being delivered at the community level which allow older people to stay in their own homes and remain independent. They are particularly interested in seeking out programmes which show some creativity in improving the quality of life of older people.

- Programmes aiming to alleviate isolation and depression in older people, including informal day care or social, physical and recreational activities.
- Programmes which give practical help, assistance and support for older people living in their own homes.
- Programmes addressing the emotional and practical needs of older carers.
- Programmes designed to meet the specific needs of people with dementia.

Applications will be considered every three months (March, June, September and December).

Project Cost and Core Cost grants – BBC Children in Need

Children in Need often have several funding programmes open at any one time.

These include:

- Project Costs grants – support the aims and delivery of a specific piece of work. This work will usually be time-limited and based on a defined set of activities.
- Core Costs grants – can be spent on an organisation's central running and operational costs.

Charities and not-for-profit organisations can apply for these grants for up to three years. They aim to give quicker decisions for grants of £15,000 or less per year.

There is no application deadline.

Defibrillator grants – London Hearts

Grants are available to fund Public Access Defibrillators in communities all over the country.

London Hearts is a charity aiming to help and support communities with the provision of heart defibrillators and teaching CPR/defibrillator skills. They can provide a grant of £300 towards the cost of a defibrillator and storage as well as a free online training video.

When someone has a cardiac arrest, timely intervention is the key to survival. By making more defibrillators available, and by training more people to use them, the better the chance of survival for a cardiac arrest victim.

Climate Action Fund – The National Lottery Community Fund

This funding aims to help communities across the UK to address climate change. They're looking for projects that focus on the link between nature and climate. They want to fund projects that use nature to encourage more community-led climate action. The Fund expect these projects to bring other important social and economic benefits such as the creation of strong, resilient and healthy communities or the development of 'green' skills and jobs.

They are interested in projects that can do at least one of the following:

- show how creating a deeper connection with nature will lead to changing people's behaviours and greater care for the environment.
- show how by bringing nature back into the places we live and work, we can help communities to reduce or adapt to the impacts of climate change.

They're looking to fund between 12 and 15 projects with up to £1.5 million over 2 to 5 years, with most projects between £300,000 and £500,000. Development grants of £50,000 to £150,000 over 12 to 18 months are also available. This fund will close to new applications on 30 June 2023.

You can also apply for 'Energy and Climate' funding. They want to fund projects that:

- encourage communities to use energy in an environmentally friendly way
- bring communities together so that they can explore ways to promote energy efficiency
- enable communities to understand and engage with opportunities for clean energy generation, which do not use fossil fuels.

Projects can apply for up to £1.5 million over 2 to 5 years, with most projects over £500,000. Minimum grant £500,000. They aim to fund around 8-12 projects. They expect the programme to remain open until at least December 2023 but it will depend on when and how many others apply for our funding.

Youth Investment Fund

The Youth Investment Fund (YIF) is made up of £288m capital and up to £80m revenue grants and is funded by the UK Government.

Phase 1 was launched in January by Children in Need on behalf of the UK Government delivering £12 million of funding for small-scale projects and expressions of interest are now invited for phase 2.

The aim is to deliver grants for up to 300 facilities that:

- represent positive value for money,
- are environmentally sustainable,
- and enable positive activities for young people aged 11 to 18 (up to 25 for young people with Special Educational Needs and Disabilities)

in eligible places across England, by 2024/25.

This funding will drive value-for-money facilities that youth organisations can afford to sustain. Using modern methods of construction (MMC) and other innovative construction techniques, as well as supporting redevelopment projects that expand

youth service provision, the YIF will achieve savings on facility running costs, so that resources can focus on activities that enrich young people's lives.

This second phase will support projects in selected eligible areas in England to level up youth provision, assessing and distributing grants so that local youth facilities and services can be the best they can be.

It is being delivered by Social Investment Business, in partnership with the National Youth Agency (NYA), Key Fund and Resonance.

Capital and revenue grants will be awarded over the life of the Youth Investment Fund (2022-2025).

The Youth Investment Fund will soon only accept bids that are seeking to deliver less complex, smaller projects that can be fully completed by 31 March 2025. The deadline for applications is 1st June 2023.

They have also opened a small Refurbishment Grant Programme for applications under £150,000 which do not require planning permission. There are two grant windows to make an application to the Refurbishment Grant Programme. The application form will only be available to view and complete during these dates.

- 24 April to 12 May 2023
- 29 May to 09 June 2023

Youth Music Trailblazer Fund – National Foundation for Youth Music

The Youth Music Trailblazer fund offers grants of £2,000 to £30,000 to organisations in England to run projects for children and young people (25 or under) to make, learn and earn in music. The project should trial work for the first time, test a new way or working, or disrupt the status quo (or all three!).

Your work must meet one of our themes:

- Early years
- Disabled, d/Deaf and neurodivergent young people
- Youth justice system
- Young people facing barriers
- Young adults
- Organisations and the workforce.

The next funding round has a deadline for applications of 23 June 2023 for projects starting between October and December 2023.

Biffa Award – Main Grant Scheme

Biffa Award's Main Grants Scheme is aimed at community and cultural groups and organisations, situated in the vicinity of landfill sites, that are in need of funding to improve the quality of life in their community or to conserve wildlife.

There are four themes - Community Buildings, Recreation, Cultural Facilities and Rebuilding Biodiversity. Under these themes we provide funding to create or improve community amenities. For example, upgrading kitchens, meeting rooms and toilets in village halls and community facilities; creating new playparks; installing new seating, lighting and exhibitions within theatres and museums; or establishing, protecting and enhancing habitats for biodiversity.

Between £10,000 and £75,000 can be awarded to projects that have a total cost of less than £200,000 including VAT.

Project sites must be within 5 miles of a significant Biffa Operation or active Biffa Landfill Site (15 miles for Rebuilding Biodiversity projects) and within 10 miles of any licenced landfill site in England and Northern Ireland.

This is a rolling programme and as such there are no deadlines to submit an Expression of Interest in the Main Grants Scheme.

Neighbourhood Planning Grant Funding – Locality

The programme offers grants and Technical Support packages. If you're working on a neighbourhood plan or neighbourhood development order, you can apply for grant funding of up to £10,000. Further grant funding up to an additional £8000 is available to groups meeting certain criteria.

The Neighbourhood Planning Support Programme run by Locality on behalf of DLUHC commenced in April 2018, and is currently funded until the end of March 2023. Applications closed at the end of January 2023.

DLUHC are actively exploring the allocation of funds for a further year, until March 2024. As soon as there is confirmation of a further year's funding, this will be notified on the following website.

Community Transport Grants – Motability

Through this new grant programme Motability aim to help charities and organisations to make an immediate impact for disabled people, by awarding funding to develop, expand and improve community transport options. The programme is focussed on:

- Funding support for staff or volunteer training and costs.
- Funding to increase the number of vehicles available in the community to help organisations support disabled people.
- Funding local, regional, or national initiatives to increase awareness of community transport and influence its inclusion in transport strategy and policy.
- Funding to schemes, programmes and initiatives that already exist, and who provide best practice solutions, but need further support to remain operational or scale up the service they can provide to help more disabled people.

Charities and organisations working in the community transport sector can apply for grants from £100,000 to £4 million at any point over the next three years until March 2025.

Sustainable Farming Incentive – Department for Environment, Food & Rural Affairs

The Sustainable Farming Incentive (SFI) is the first of 3 new environmental schemes being introduced under the Agricultural Transition Plan. The other 2 schemes are Local Nature Recovery and Landscape Recovery.

SFI aims to help farmers manage land in a way that improves food production and is more environmentally sustainable.

Farmers will be paid to provide public goods, such as:

- improved water quality
- biodiversity
- climate change mitigation
- animal health and welfare

In 2022, SFI aims to:

- encourage actions that improve soil health
- recognise how moorland provides benefits to the public (public goods)
- improve animal health and welfare by helping farmers with the costs of veterinary advice for livestock

You'll be eligible to apply for an SFI standards agreement if you're a farmer who is eligible for the Basic Payment Scheme (BPS), with land in England. The scheme opened to applications to all BPS eligible farmers on 30 June 2022.

Grant schemes for electric vehicle charging infrastructure – Office for Low Emission Vehicles

The government offers grants to support the wider use of electric and hybrid vehicles via the Office of Low Emission Vehicles (OLEV). This includes:

- The EV chargepoint grant provides funding of up to 75% towards the cost of installing electric vehicle smart chargepoints at domestic properties across the UK. It replaced the Electric Vehicle Homecharge Scheme (EVHS) from 1 April 2022. The grant is open to flat owner-occupiers and people living in rented properties. Private landlords and social housing providers can also apply. The grant is not open to homeowners (including people with mortgages) who live in single-unit properties such as bungalows and detached, semi-detached or terraced housing.
- The Workplace Charging Scheme (WCS) is a voucher-based scheme that provides support towards the up-front costs of the purchase and installation of electric vehicle charge-points, for eligible businesses, charities and public sector organisations.
- The On-street Residential Chargepoint Scheme (ORCS) provides grant funding for local authorities towards the cost of installing on-street residential chargepoints for plug-in electric vehicles.

Listed Places of Worship grant scheme – Department for Digital, Culture, Media and Sport

The Listed Places of Worship (LPW) Grant Scheme gives grants that cover the VAT incurred in making repairs to listed buildings in use as places of worship. The scheme covers repairs to the fabric of the building, along with associated professional fees, plus repairs to turret clocks, pews, bells and pipe organs.

The Scheme has been run by DCMS with a focus on preserving heritage in the fabric of UK listed places of worship. Since its establishment in 2001, the Scheme has adapted to changes while continuing to support places of worship by delivering the fairest possible system of making grants and ensuring that all faiths and areas of the UK are equally able to make use of scheme.

The scheme only accepts applications where the minimum value of eligible work carried out on any one claim to the scheme is £1,000 (excluding VAT).

The Government has confirmed funding is available for the Listed Places of Worship Grant Scheme until 31 March 2025.

Forestry England Woodland Partnership

The Forestry England Woodland Partnership offers long-term leases with guaranteed income for public and private landowners to create new woodlands. The partnership scheme supports government plans for woodland creation, nature recovery and progress towards net zero targets.

Forestry England are looking for sites of at least 50 hectares suitable for woodland creation for leases of between 60 and 120 years, and landowners will receive a guaranteed annual rent throughout the lease period. Forestry England will design, plant and manage every woodland created, ensuring each is resilient to a changing climate, supports wildlife, and provides wider ecosystem services.

All woodlands created through the partnership scheme will be open to the public, providing valuable health and wellbeing opportunities for communities.

Part of the Nature for Climate Fund to support the government's tree planting commitment, the Forestry England Woodland Partnership aims to create at least 2,000 hectares of predominantly broadleaf woodland over the next five years.

Applications are open all year round. Full details and brochures for public and private landowners are available on the Forestry England website.

Grants for Heritage – National Lottery Heritage Fund

The National Lottery Heritage Fund provide different levels of funding to heritage of all shapes and sizes. Their grants range from £3,000 up to millions of pounds.

Current programmes include:

- National Lottery Grants for Heritage - £3,000 to £10,000; £10,000 to £250,000; £250,000 to £5 million. The impact of the coronavirus (COVID-19) pandemic means the Fund will prioritise heritage projects that:
 - promote inclusion and involve a wider range of people (a mandatory outcome)
 - boost the local economy
 - encourage skills development and job creation
 - support wellbeing
 - create better places to live, work and visit
 - improve the resilience of organisations working in heritage

Full information on all National Lottery Heritage Fund programmes is available on their website.

Small, Medium and Large Grants – National Churches Trust

The National Churches Trust is making changes to its grants programme.

They will continue to offer three types of grant. These will be:

- Small grants - these were formerly called Foundation grants for maintenance. This programme offers grants of between £500 and £5,000 towards urgent maintenance works and small repairs identified as high priority within a recent Quinquennial Inspection or Survey Report. Also, small investigative works and surveys. Project costs should be up to £20,000 incl. VAT and awards will never exceed 50% of the costs. Dates for the next round of applications are to be confirmed.
- Medium grants - these were formerly called Gateway grants. This programme offers grants of between £3,000 and £10,000 towards urgent and essential maintenance and repair projects costing between £20,000 and £80,000. Also project development and investigative work up to RIBA planning stage 1, to support churches preparing for a major project, and in developing their project to the point at which they can approach a major grant funder. Grants will never exceed 50% of the net project costs (for this phase). Dates for the next round of applications are to be confirmed.
- Large grants – these were formerly called Cornerstone grants. This programme offers grants of between £10,000 and £50,000 towards the cost of major urgent structural repair projects costed at more than £80,000 including VAT. Grants of £40,000 to £50,000 are extremely limited and reserved for cases which demonstrate a very high case for investment. They will also consider projects that introduce kitchens and accessible toilets to enable increased community use, costed at more than £30,000 including VAT. Grants will never exceed 50% of the project cost. The next deadline for applications is 4th July 2023.

Farming in Protected Landscapes Programme – Department for Environment, Food & Rural Affairs

The Farming in Protected Landscapes programme is a part of Defra's Agricultural Transition Plan.

It will offer funding to farmers and land managers in Areas of Outstanding Natural Beauty (AONB), National Parks and the Broads. It is not an agri-environment scheme.

The programme will fund projects that:

- support nature recovery
- mitigate the impacts of climate change
- provide opportunities for people to discover, enjoy and understand the landscape and its cultural heritage
- support nature-friendly, sustainable farm businesses

The Farming in Protected Landscapes programme has been developed by Defra with the support of Area of Outstanding Natural Beauty (AONB) and National Park staff from across England.

The programme runs until March 2024.

England Woodland Creation Offer – Forestry Commission

Landowners, land managers and public bodies can apply to the England Woodland Creation Offer (EWCO) for support to create new woodland, including through natural colonisation, on areas as small as 1 hectare. EWCO opened for applications on 9 June 2021 and replaces the Woodland Carbon Fund, which closed for applications in March 2021.

The grant is administered by the Forestry Commission and is funded through the Nature for Climate Fund. EWCO is one of a suite of Forestry Commission initiatives to support woodland creation and tree planting across England.

EWCO is open to owner occupiers, tenants, landlords and licensors who have full management control of the land in the application (if you don't have full management control you will need consent from those who do). Joint applications, multiple land managers and applications on common land and areas of shared grazing are eligible.

Energy Redress Scheme – Energy Saving Trust

Energy Saving Trust has been appointed by Ofgem to distribute payments from energy companies who may have breached rules. The funds can pay for anything from making a home more energy efficient, to providing advice that helps consumers keep on top of their bills.

Energy Saving Trust has developed an open application process for charities seeking funding from the Energy Redress Scheme. Successful projects will be selected with input from an independent panel of experts and could cover a range of locations across England, Scotland and Wales.

The amount of funding available through the scheme varies throughout the year and will be reviewed on a quarterly basis in October, January, April and July. Eligible charities that have registered interest in the scheme will be notified when funds become available.

The minimum grant that can be requested is £20,000 and the maximum amount is the lesser of £2 million or the total value of the current fund.

The scheme can fund projects lasting up to two years, can fund 100 per cent of the project cost and can cover revenue and capital measures.

Round 13 of the Energy Redress Scheme is expected to open shortly. The previous round included the following elements:

- The Main Fund aimed at projects seeking grants between £50,000 and £750,000 that will support energy consumers in vulnerable situations.
- The Small Project Fund aimed at projects seeking grants of between £20,000 and £49,999 that will support energy consumers in vulnerable situations.
- Innovation Fund aimed at projects that will develop innovative products or services to benefit energy consumers. Applicants can apply for grants between £50,000 and £500,000.
- Carbon Emissions Reduction Fund is targeted at projects that can help domestic energy consumers participate in the just transition to Net Zero CO2 emissions. The fund awards grants between £50,000 and £500,000.

Garfield Weston Foundation

The Foundation support a wide range of charities that make a positive difference, working in different sectors in the UK. These include welfare, youth, community, environment, education, health, arts, heritage and faith.

They fund small local organisations and large national institutions. Grants range from £1,000 to several million pounds, depending on each charity's size and scope of work. The grants can be for your organisation's running costs, for a specific activity or for capital projects. The Foundation are flexible and fund what charities need the most. Normally, capital grants are no more than 10% of a total project cost. However, for local community projects (e.g. village halls, community centres, places of worship, etc.), grants are unlikely to be over £30,000 regardless of the project size. If your organisation wants to apply for £100,000 or over, they expect your annual income or project to be over £1 million.

Small Grants Scheme – Foyle Foundation

This Small Grants Scheme is designed to support charities registered and operating in the United Kingdom, especially those working at grass roots and local community level, in any field, across a wide range of activities.

Online applications can be accepted from charities that have an annual turnover of less than £150,000 per annum. Larger or national charities will normally not be considered under this scheme.

The focus will be to make one-year grants only to cover core costs or essential equipment, to enable ongoing service provision, homeworking, or delivery of online digital services to charities that can show financial stability.

The priority will be to support local charities still active in their communities which are currently delivering services to the young, vulnerable, elderly, disadvantaged or the general community either directly or through online support if possible.

Grants are available between £2000 and £10,000.

HS2 Community and Business Funds – Groundwork UK

Groundwork is working with High Speed Two (HS2) to deliver HS2 Community and Business Funds to help with the disruption that will be caused by the construction

In October 2014 the government announced two funding programmes to help offset the disruption of Phase One on local communities and businesses – the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

In January 2018, the then HS2 Minister announced an additional £5 million is to be added to the CEF and BLEF funding pot for those disrupted during construction of the Phase 2a scheme from Birmingham to Crewe. This brings the overall total of CEF and BLEF combined for Phase One and Phase 2a to £45m.

£40 million is for communities experiencing disruption from the construction of Phase One and £5 million is for communities experiencing disruption from the construction of Phase 2a. The Funds will be available during the construction period and for the first year of operational HS2 services. The Funds will support good quality bids that meet CEF and BLEF criteria, and funding will be available throughout this time period.

Both funds (CEF and BLEF) will award money from the same funding pot and so the amounts allocated for each Fund will depend on the number and quality of applications.
