Who is my gas or electricity supplier?

You can find out who your gas or electricity supplier is and details of your energy tariff on a recent energy bill.

(If you don't have a bill available, or if you've just moved home and aren't sure which utility company supplies your new property, you can use the services below.)

Who is my gas supplier?

Use the Meter Point Administration's online search tool: [Find My Supplier](#)

Or call 0870 608 1524 (this call will cost 7p per minute plus your telephone company's access charge).

The Administration Service can also give you your gas Meter Point Reference Number, or 'MPRN'. This tells your energy supplier where your meter is located.
