Consultation and Representation

- **Rural stakeholder impact forum**
RSN has participated in weekly meetings during lockdown, in this forum of key rural organisations, brought together to share information with DEFRA, and other Govt Depts.
- **Specialist Surveys**
We have surveyed members extensively including:
 - views on the impact on the rural economy of lockdown measures
 - the effectiveness of Government support for the rural areas.
 - specific chapters of our **Revitalising Rural Campaign**
 - HM Treasury's Comprehensive Spending Review
 - Planning White Paper,
 - Homelessness, Domestic Abuse, etc.

The comprehensive feedback provided by members has meant that the RSN has been able to represent your views to rural MPs and DEFRA.
